

Hire Information

About the space

Animate Arts Company is based at The Pod, a creative space and office, centrally located in Herne Bay, Kent. The Pod is a brick store building, converted into offices with an additional flexible, creative space, suitable for artists/makers, meetings and some classes/workshops. When hiring this space, The Pod offers the following facilities:

- Flexible hire times, 7 day per week
- Clean, open space approx. 6.25m x 5.50m (and up to 3.50m in height)
- WiFi internet access*
- Small kitchen area and utensils
- Shared WC facilities
- Parking
- Projector
- Meeting table and chairs
- 1 minute walk to beach and town centre

The Pod does not have central heating, however heaters are provided at no additional cost to the hirer. We do also recommend that you wear warm clothes in the winter months, particularly before the space has warmed up!

The Pod is the home of Animate Arts Company, and the building is therefore a shared working environment. As the hired space is situated at the front of the building (with main entrance) and accommodates the building's communal facilities, the hirer must agree to other workers in the building having discreet access to and from the space during their booking. For short-term hires, these arrangements may be revised.
